BASE OILS

NEXBASE 3080

HYDROISOMERIZED BASE STOCKS NEXBASE[®] 3080

- DescriptionNEXBASE 3080 is a catalytically hydroisomerized and dewaxed
base oil comprising of hydrogenated, highly isoparaffinic
hydrocarbons.ApplicationsNEXBASE 3080 is suitable for use in formulating high-quality
engine oils. NEXBASE 3080 conforms with API/ATIEL Base Stock
 - engine oils. NEXBASE 3080 conforms with API/ATIEL Base Stock Group III, and is a natural ISO 46 base stock which can be used also in compressor and hydraulic oil formulations as well as in gear and circulation oils.

Technical Data

| Property | Unit | Specification value | Typical value (2) | Test method |
|-------------------------------|-------|---------------------|-------------------|---------------|
| Appearance | | Pass | (1) | ASTM D-4176-1 |
| Viscosity at 100°C 40°C | mm²/s | 7.8 - 8.2 | 7.9 49 | ASTM D-445 |
| Viscosity Index | () | ≥ 125 | 130 | ASTM D-2270 |
| Pour Point | °C | ≤ -12 | -12 | ASTM D-97 |
| Flash Point | °C | ≥ 220 | 261 | ASTM D-92 |
| Colour | () | ≤ 0.5 | < 0.5 | ASTM D-1500 |
| Noack Volatility | w-% | ≤ 5 | 3.5 | CEC L-40-93b |
| Density, at 15°C | kg/m³ | | 847 | ASTM D-4052 |

1) Clear and bright liquid on visual observance, and no water or particulates observed at the bottom of the vortex.

2) Long-term average value

Edition 2.1

| Technical Data Sheet | | BASE OILS | NEXBASE 3080 |
|---------------------------|---|-------------------------------|--------------|
| Safety | NEXBASE 30 | 080 is stable in ambient cond | litions. |
| Handling | NEXBASE 3080 is non-corrosive and it can be stored in mild steel containers. The product is practically non-irritating to skin and eyes. | | |
| | Practising good industrial guidelines recommended. | | |
| Shipping Information | ADR/RID | Not classified | |
| | IMDG | Not classified | |
| | ΙΑΤΑ | Not classified | |
| Availability | NEXBASE 3080 is available in bulk and in drums. | | |
| Additional Information | Further information on NEXBASE 3080 is available from Neste Oil N.V. Global Customer Service Centre Industrieweg 154 B-3583 Beringen Belgium tel +32-11-45 95 11 fax +32-11-45 95 32 | | |
